Office of the Special Officer in charge of
Irrigation Wells.
Bangalore dated 22nd/30th July 1892.

From

B. G. Krishna Iyengar Esquire
Special Officer in charge of
Irrigation Wells.

To

The Chief Secretary
to the Dewan of Mysore.
Bangalore.

Sir,

I have the honor to solicit the favor of your obtaining for me the decision of Government on the following points.

1. Section 8 of the Special rules for the construction of irrigation wells, provides that in cases of loans sanctioned under the rules no security other than the well and the lands assigned as the ayakat, shall

shall be required. Though this may not work with dis-advantage to Government in Sircar villages, yet I am afraid moneys lent in Inam villages on similar individual holdings would not be equally safe. In the Bangalore and the Kolar Districts where loans have been sanctioned to Inamdars of whole villages, no definite settlement has been made, and in my humble opinion it would be better to hold the whole village or the share of the applicant as security for the loan. When I represented this difficulty in person to the Honorable Chentsul Rao Pantalugaru C. I. E., he was pleased to say that the matter might lie over for some time; but as loans have been already granted in the above two Districts some definite order is called for.

2. In a few cases amounts far exceeding those payable under the rules with respect to the ayakat of the wells, have been sanctioned, and payments have been partially made at Kolar and Bangalore. As the maximum period for the recovery is 30 years, it is not possible in these cases to limit the rate of payment to Rs 5/- per acre as required under

* of which a statement is submitted.

Section 6

section 6 of the rules. As the applicants have partially and in some cases fully executed the works contracted for, it would be hard upon them to reduce the amount of the loans at this stage. Moreover those that have not fully executed the work might refuse to do the remaining portion, and it is a question whether measures of recovery could be taken against them.

I have the honor to be
Sir
Your most obedient serv.

Special Officer in charge of
Irrigation Wells.
